Were any missed?</p> <p>Tasks: Which tasks have been completed and which are still pending?</p> <p>Challenges: What challenges did you face? What did you learn from them?</p> <p>Next Week's Plan: What do you have to do next week, what should you prepare for it?</p> <p>Successes: Good things from this week that will inspire you.</p> <p>Common Status Tags:</p> <p>✓ Done: Work is finished.</p> <ul style="list-style-type: none"> <li>• In Progress: Work is in progress.</li> <li>● Blocked: The task is blocked for some reason (e.g. waiting for someone else's response).</li> <li>○ Not Started: It has yet to start.</li> <li>💡 To Do: New task for this week.</li> </ul> <p>How to Implement it:</p> <p>Take 15-30 minutes every weekend (like Friday evening or Sunday).</p> <p>Write in a diary, an app (like Trello, Notion), or a simple document.</p>

What are your thoughts on Margdarshan IAS approach, feedback, and guidance style?

Excellent

Siddharth sir's guidance is excellent.

Its my last attempt ♥

I am just telling one word for my respected Sir " Vighnaharta" ♥♥

Main ye nhi kahunga ki kash mujhe 2-3 saal pehle mil jaate.. It's positive ki last attempt mein mujhe mile hai that's it.. 🙏

Sir has very deep knowledge about the exam its syllabus and pyq theme etc. but I preferred Sir's mentorship over teaching.

Good

Sir way of teaching and guiding is marvellous but little bit I want that preparation assessment should be given so that we can improve on that area.

What he explains is totally relevant to the exam question paper

Best guider

So unique, sir know very well how to approach people like introvert and extrovert. Sir holds a helping personality which makes him different from others.

I really like it , the way he motivates and reminds us of our duty and be a officer first and live like one than we will be able to succeed.

Straight upto the point and reality preperation process exactly 100 penetration towards exam demand without any commercial mindset

It's pretty amazing . What make its unique is individual attention is given to each student .

Bhaiya apka calm nature aur problem ka jo solution dete hai woh mujhe achha lagta hai

Apse bat karke mujhe inspiration milti hai

Apse request hai ki 10 days mai mai ek call karu aur Apse mere problem discuss karu

I think he is best in whatever he's doing, I saw a random youtube video of sir few years back never thought that I will be taking his mentorship someday. Glad to be his mentee.

Siddharth Bhaiya's teaching is very effective and comprehensive. He covers every topic in detail and explains each theme with great clarity. The classes include diverse questions, repeated themes, and a strong focus on PYQs and PYTs, which makes preparation more exam-oriented. What stands out most is his constant availability and support for every student whenever needed. I sincerely thank Siddharth Bhaiya for his guidance and dedication.

Friendly and supportive

Sir's attention to details of candidates answer writing is insightful, critical and definitely value addition! His ways of nudging students to go an extra mile, explore new dimensions of the question and evidence based topper's answers evaluation is a cherry on the top!! Unparalleled in UPSC coaching industry.
Sir provide the information upto the mark whether it is related to Mains answer writing or prelims.
Siddharth Sir's approach is very effective, especially with PYQ linkages. Beginning sessions with a question encourages brainstorming and builds a Mains-oriented mindset. Earlier my self-study was unstructured, but his guidance is making my preparation more exam-focused.
I love the approach of bhaiyas's style of teaching. And the experience he puts in. Great efforts. 
Excellent
VERY HELPFUL, SUPPORTIVE, AND WELL-DEDICATED MENTOR
Approach is good 👍
Have to care for everyone
Good overall
Sir's approach is very helpful...
Amazing but little bit any tracker that show student performance like that
It's very good , but still expecting to have classes in English as Southern part of India people can't understand fully hindi like the Years, Numbers etc..Thanking you sir ..Sorry if any thing was wrong from my end sir
Satisfied with sir's approach about syllabus
It is really good. I joined batch by observing the approaches to guid and R&D towards PYQs this is really good
Best ever
Outstanding
Sirr approach is very realistic as well as very relevant
Good need still target oriented or homework oriented
Overall good

The approach is exam-oriented rather than just academic. I appreciate how the Microthemes program filters out the noise and focuses on what is relevant. The feedback I received during the PGP was actionable and precise, which gave me the confidence that the MAGP will effectively guide me through the Mains stage as well

All good

Create calling team of mentors to check the accountability of student especially prelims time

It's good 🍀

Sb kuch best h...apka teaching method , pyq kese approach Krna h sb kuch best ...Maine itna late course join kuu kiyaa bss ye soch rhi hu.... Kash or phle pta chl jata apke course k bare m

Good

Unka approach traditional coaching se thoda alag hai. Wo sirf syllabus cover karne par nahi, balki "Kaise padhna hai" par zyada focus karte hain.

Micro-Themes Strategy: Wo pure syllabus ko chote-chote "Micro-themes" mein break karte hain. Isse student ko exact pata hota hai ki aaj kya padhna hai aur kya chodna hai (eliminating irrelevant topics).

Integrated Preparation: Unka focus MAGP (Mains Assessment & Guidance Programme) ke through Prelims aur Mains ko saath lekar chalne par hota hai, taaki last moment par panic na ho.

Discipline & Accountability: Wo students ko accountability partners ki tarah treat karte hain. Daily targets aur weekly schedules (jo college students ke liye bhi customize hote hain) unke approach ka core part hain.

Good

Good

Overall every section of margdarshan ias is excellent and help me a lot and clear doubt regarding everything related to preparation. I feel good after purchasing this course but I want to request to sir that we need performance tracking on weekly or monthly or subject basis.

It's really good, I just want when one doubt session per week and test per week

Definitely	I initially purchased the Microthemes program, which was exactly what I was looking for. Later, I learned about the PGP and decided to enroll. I must say that Addya Ma'am's classes were exceptionally fine-tuned to my requirements. History has always been a subject that pulls me down, but thanks to Ma'am, for the first time I am confident that I can attempt the Ancient History section without fear. Based on this experience, I have now upgraded to the MAGP
Definitely	So far everything is good.
Definitely	No
May Be	Please do tests live instead of practice at home
Definitely	Sb best h
Definitely	No
Definitely	I have no specific suggestions or concerns at the moment. I am satisfied with the current teaching style and have no further suggestions.
Definitely	Question should be printed in upsc way
Definitely	All faculty are Best But They should teach Basic and then Advance
Definitely	Performance tracking should be implemented on weekly, monthly and subject based.
Definitely	Just mentioned above things else everything is fine

Definitely	<p>Suggestions for improving faculty teaching often focus on student engagement (active learning, discussions), feedback (constructive, personalized), practicality (real-world links, relevant examples), technology (visuals, online tools), and building connections (empathy, knowing students).
